

Lightweight Plaster Crown Moulding

As part of our continuous innovation process here at Multi-Cast Design Inc., we are introducing our new line of lightweight plaster crown moulding and waffle ceilings. Our lightweight range of interior mouldings and waffle ceilings is an alternative to the traditional plaster moulding utilized for centuries.

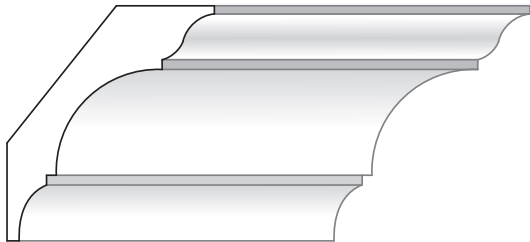

This innovative technology produces interior architectural elements created by high-density polystyrene and a thin layer of smooth plaster finish. The lightweight moulding and waffle ceilings are significantly easier and quicker to install than plaster, less prone to cracks and damages in addition to being an inexpensive product that will meet your budget. Available in a wide variety of standard profiles and sizes, our exceptional lightweight alternative is indistinguishable from plaster moulding and will leave your home exuding elegance.

Style 401

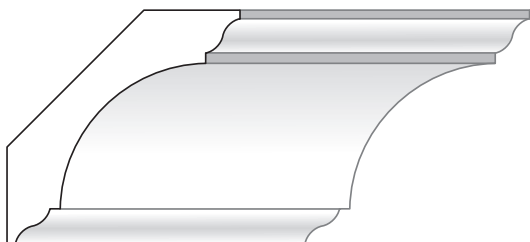

Style No.	Profile	Wall	Ceiling
401 - 06	6"	4 1/4"	4 1/4"
401 - 08	8"	5 5/8"	5 5/8"
401 - 10	10"	7"	7"
401 - 12	12"	8 1/2"	8 1/2"
